

Integrated Health, Safety, Environment and Quality Policy Statement

Our Integrated Management Systems Policy Statement, (IMS Policy) has been established in line with our company business strategy. AMS No-Dig recognises that successful health, safety, quality and environmental management is fundamental to its business and is committed to the continual improvement of all relevant processes and procedures to ensure all standards are met and exceeded. We strive to provide a healthy and safe working environment for all our employees, to prevent pollution and minimise environmental impacts from our activities and to provide products and services which delight our customers.

By informed choice to control the processes of AMS No-Dig, the Managing Director accepts overall responsibility for determining this policy.

AMS No-Dig objectives are:

- To continually review the suitability of our IMS policies, procedures and working practices and implement identified improvement opportunities
- To pursue the highest possible standards of health, safety, quality and environmental management performance
- To comply with all relevant legislation, regulations, other legal and industry requirements and agreed contractual requirements
- To minimise the incidence of occupational ill health and injury through risk reduction controls and awareness training
- To investigate and report any quality, Health and Safety or environmental complaints or incidents in a responsible manner.
- To seek to minimise the environmental impact of our operations by preventing pollution, reducing waste and reducing energy consumption
- To work to ensure the quality of the product and services delivered to our customers consistently meets or exceeds their expectations
- To provide suitable resource to ensure the company meets all its obligations in respect to Health, Safety, Environment and Quality.

To ensure these intentions are achieved, AMS No-Dig has implemented a Health, Safety, Environment and Quality Management system throughout our operations, which is mandatory for all employees and is designed to comply with the requirements of ISO 9001:2015, ISO 14001:2015 and OHSAS 18001:2007 plus all applicable Industry Scheme requirements.
